

## ML2021Spring HW11 Report

<大氣二> <謝晉維>

<b08209006>

Public Score	Private Score
0.78410	0.78728

The methods I used to pass the strong baselines include:

1. Add a learning rate scheduler.
2. According the paper, adding the  $\mu$  into the training.
3. Train 2000 epochs.
